

Memorandum of Understanding

under the ECoVEM Cooperative Platform

between

Higher Education Institutes, VET providers, Industry and Social Partners

This Memorandum of Understanding (MoU) applies to VET centers, Polytechnics, industrial associations, social partners listed in Annex 1 of this memorandum which aims to establish a European Cooperation platform of Vocational Excellence in Microelectronics in the frame of the ECoVEM (European Centre of Excellence in Microelectronics 620101-EPP-1-2020-1-BG-EPPKA3-VET-COVE) project.

The ECoVEM project (2020-2024), funded by the European Union under the ERASMUS+ KA3 - Support for Policy Reform, contributes to the sustainable VET governance at national and EU levels through involvement of policy makers in VET and employment, social partners, industrial associations and companies for:

- lifelong teacher training and stimuli for raised teacher's qualification,
- implementing the advanced countries' best practices and approaches to excellence in VET into less advanced regions,
- efficient financial models for VET including work-based and apprenticeship and for investment in VET and applied research,
- raising the role of VET in Smart Specialisation Strategies.

Thus, in consideration of the mutual obligations below, the parties agree as follows:

1) Teaching and learning

- Providing people with labour market relevant skills, in a lifelong learning, continuum approach. Combining offers of initial VET qualifications, with offers of continuing training (for upskilling and reskilling) that are informed by skills anticipation.
- Developing innovative curricula that focus on technical skills and competences (1250 hours VET curricula and short courses of 900 trainees).
- Providing higher level VET programmes and developing flexible pathways between VET and higher education institutes.
- Investing in continuing professional development of teachers and trainers for both pedagogical as well as technical skills.

2) Cooperation and partnership

- Contributing to creation and dissemination of new knowledge in partnership with other stakeholders.
- Establishing business-education partnerships for apprenticeships, internships, sharing of equipment, exchange of staff and teachers between companies and VET centres, etc.
- Providing SMEs with technical support, needs assessment, tools and methodologies, as well as tailor-made training to support their offers for apprenticeship and upskilling/re-skilling.
- Developing internationalization strategies to foster transnational mobility of VET learners, teachers, as well as leaders.
- Participation in national and international skills competitions, aimed at raising the

attractiveness and excellence in VET.

- Developing “International VET campus/ academies” for learners in primary, secondary, and VET schools, teachers and trainers, Leaders in VET institutions, as well as for people considering future vocational study options.

3) Governance and funding

- Actively engaging in the overall national Skills governance systems and linking with employment and social policies, at local, regional, national and European level.
- Making full use of EU financial instruments and funds. These can include the support of education and training actions, mobility of learners and staff, applies research activities, infrastructure investments to modernize VET centres with advanced equipment, implementation of management systems to assure excellence and sustainability of VET organisations and the services they provide.

4) Validity and renewal

Each party will keep one copy of this MoU. The MoU will take effect immediately once signed. The parties reserve the possibility to anytime terminate this MoU by giving a written notice.
